

TIME & ATTENDANCE SOLUTIONS

Simple Time Tracking for Complex Businesses

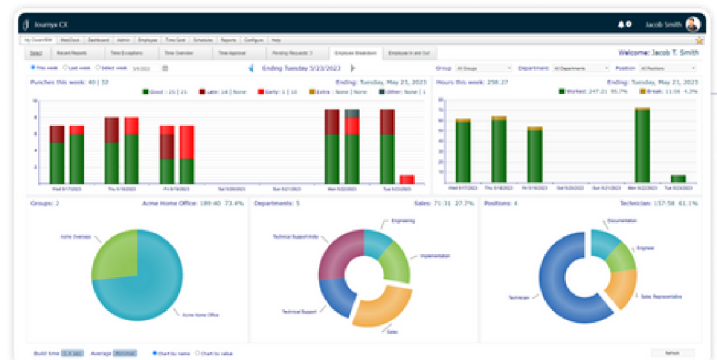

Capture time for payroll the easy way—with flexible time collection methods including web-based, mobile, swipe, IVR, and biometric time clock systems. Journyx offers a complete time and attendance solution with tons of standard features that are customizable to fit your specific business needs.

Employee Time and Attendance for Payroll Made Easy

Journyx time and attendance (Journyx CX) includes state-of-the-art physical time clocks paired with sophisticated time tracking and scheduling software.

- **Advanced payroll and scheduling**
Manage leave requests, time off, and staff scheduling all in one system. Create complex rules for managing payroll time.
- **Simple, flexible time entry**
Choose from sophisticated biometric time clocks, mobile app, and/or web entry, depending on what’s best for you.
- **Complete visibility and reporting**
Ensure accountability in real-time with 75+ standard reports and options for customized employee time data analysis.
